PROJECTS

OpenCart - Ecommerce project
Mar 2024 - Sep 2024

* OpenCart is an open-source e-commerce platform used to build online stores and sell products or services. * I was responsible for functional testing, identifying bugs and issues, and collaborating with the development team to resolve them. * Documented 20+ issues and resolutions in project management tools such as JIRA and Confluence. We have followed the Agile and Scrum framework, followed by all the documents like Test Plan, Test cases, RTM, Bug Report and Test Metrics, Test Closure.
